

STOP!

LEAVE THE LEAD BEHIND

SAFETY TIPS TO KEEP FROM TAKING LEAD DUST HOME

1

Wash hands, especially before eating, drinking, smoking, or touching anything

2

Change out clothes and shoes before going to your car or home

3

Clean lead-exposed clothes separately and safely from regular laundry

Many jobs or hobbies like building renovation, demolition, shooting range work, and battery manufacturing work present a risk of lead exposure. If your work or hobby involves lead, you should be tested regularly. Ask your doctor today.
