

LEAD RISK FACTOR CHECKLIST

Was your home built before 1978?

Have you done or do you plan to do home renovations?

Is your child eligible for Medicaid, Head Start, or WIC?

Does your child have a sibling that has tested positive for lead?

Do you live near a factory that uses lead, like paint or manufacturing?

Is your child a refugee or adoptee from a foreign country?

Does anyone in your house work in a lead-related field such as painting, manufacturing, construction, mining, or firearms?

Do you use traditional or homeopathic medicines such as greta, azarcon, bhasma or others?

Does anyone in your home have a lead-related hobby such as fishing, making jewelry or stained glass, or refinishing furniture?

Do you use imported makeup such as kohl, surma, or others?

There may be additional exposures at home. Talk to your child's doctor about a lead test.
